

Whitby Iroquois Soccer Club

Presidents Report

On behalf of our Executive and staff, I would like to welcome all our members to the Whitby Iroquois Soccer Club's 2007 Annual General Meeting.

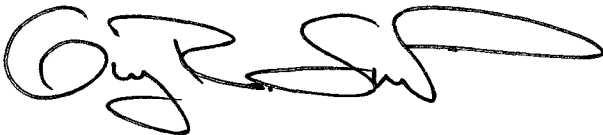

2007 proved to be another record breaker as far as outdoor soccer registrations were concerned. Unfortunately, WISC is still faced with the sad reality that because of field limitations, we are forced to turn away children from our community who want to play soccer. As a club, we are doing everything we can to address this issue and with new fields being fazed in over the next couple of years, I am confident that this situation will be resolved.

As many of you know, for the past two years WISC has been negotiating with The Town Of Whitby to develop a partnership in the construction of an indoor soccer facility. Although we have experienced some unforeseen delays, I am pleased to announce that we are on track for the 2008 construction of a state-of-the-art indoor soccer facility to be constructed on Rossland Road. This facility is going to be vital to our clubs agenda to enhance the development of soccer for the players of Whitby.

With the recent sale of Soccer City, we were left to try and put together an indoor soccer program for 2007/2008. Fortunately, we were able to secure two gymnasiums, which enabled us to put a program together with a somewhat scaled down version of what we are accustomed to.

In closing, I would like to thank all of you who volunteered your time coaching, convening, managing and helping in general. I would also like to thank our Board Members and staff for their commitment and devotion to their responsibilities throughout the year.

Sincerely,

A handwritten signature in black ink, appearing to read 'Guy R. Smith', with a large, sweeping flourish at the end.

Guy R. Smith

President

Whitby Iroquois Soccer Club
