

2006 Whitby Iroquois Cup Directors Report

This year the Whitby Iroquois Soccer Club enjoyed one of its most successful tournament weekends in recent years.

During the weekend of June 3rd and 4th, we played host to approximately 150 teams from all around the province which included the Special Olympics group. The weekend did not come without its challenges as the rain forced the closure of many of our fields. This could have presented us with severe issues however due to the unwavering commitment by our team to see this through we completed the Cup weekend and showed the pride of our club. However due to the weather the players skills competition was cancelled.

Financially the Cup weekend was a success. With a team entry fee of \$250.00 or an early bird fee of \$225.00 it was positioned as the best value for a team's money versus other OSA tournaments. We saw a net profit of \$14,293.35.

Event Sponsors included...

Whitby Iroquois Club Competitive Teams Opening Day

On May 22nd we kicked off our competitive team's season at the Rossland fields.

The event was attended by many dignitaries from the Town of Whitby, Durham Region Soccer Association, past WISC Presidents, current WISC board of Directors and the Glasgow Rangers.

The ceremonies started with the team's procession onto the field lead by the Glasgow Rangers and hall of fame member Bobby Russell. This was followed by speeches from various dignitaries including WISC President Guy Smith and Club head coach Jens Kraemer who then kicked off the team's challenges and breakout sessions.

The skills demonstration featuring the Freestyle Soccer group was well received and enjoyed by all in attendance.

The event finished with a game between the Rangers and some of the Whitby Iroquois Club coaches.

Event sponsors included....
